

## 11<sup>th</sup> World Administrators Summit COUNTRY REPORT

**COUNTRY:** Angola

**REPORT SUBMITTED BY:** Neusa Costa

**ASSOCIATION / NETWORK / ORGANISATION:** KPMG Angola

---

As stated in [Administra](#), monitoring and evaluating the World Action Plan is as important as identifying the objectives and strategies of your Association/Network. A major advantage of monitoring and evaluation is that Associations/Networks can learn a great deal about themselves, and how to lead, manage and improve their own activities and status by implementing this Action Plan. Another advantage is to ensure that the World Action Plan is helpful to Associations/Networks throughout the world in developing their own strategic or business plans.

Each country sending delegates to a World Administrators Summit is asked to report against a selected Goal in Administra.

The Country Reports will be shared on the WA-Summit website as pre-read for the 11<sup>th</sup> WA-Summit.

***Please explain how your Association/Network/Organisation is using Goal 1 to develop your activities:***

### Goal 1: Managing Administrative Skills

Objective 1.1: Enhancing the perceived value of administrative/office professionals:

With each passing day I notice that the profession is already being much better perceived, although there was still a long work to be done.

Objective 1.2: Increase awareness of the value of administrative skills in business:

At this point I feel that it is not felt.

Objective 1.3: Have globally recognised credentialing/accreditation:

It is the administrative professionals themselves who have to go after it.

Objective 1.4: To encourage businesses and the global community to view the administrative/office professionals' role as a career:

It is also not felt

Objective 1.5: Achieve common understanding between training providers, administrative/office professionals associations and employers about the value of a required qualification and/or credentialing/accreditation:

Yes, there is already a greater understanding on this point.

Objective 1.6: Associations contribute to recognise the professional and personal development of their administrative/office professional members:

Yes, there is a lot that could be done, but in general, yes

Objective 1.7: Investigate the logistics of forming an international body to look at developing a global framework in which qualifications, accreditation, certification and professional development could be recognized internationally.

We have yet to reach this level.
